POMADE™

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT: DO NOT contaminate streams, rivers or waterways with the chemical or the used containers.

STORAGE AND DISPOSAL: KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a cool well-ventilated area. Do not store for prolonged periods in direct sunlight.

Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on-site. If recycling, replace cap and return containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS: May irritate eyes and skin. Avoid contact with eyes and skin. Wash hands after use.

FIRST AID: If poisoning occurs Immediately call a POISON CENTRE phone Australia 13 11 26 or doctor/physician.

SAFETY DATA SHEET: For additional information, refer to SDS available from your supplier.

EXCLUSION OF LIABILITY: Unless otherwise expressly stated in writing Sumitomo Chemical Australia Pty Ltd as distributor on behalf of AgriNova New Zealand does not have any knowledge of the particular use to which the buyer proposes to put this product. In purchasing this product the buyer must rely solely upon their own skill and judgement as to its suitability for the particular purpose for which it is required. Except to the extent that exclusion or denial of liability is prohibited under the Trade Practices Act or any relevant state legislation, Sumitomo Chemical Australia Pty Ltd as the distributor expressly exclude any warranty as to the quality or fitness of any goods sold for any purpose whatsoever and deny all responsibility in contract tort negligence or otherwise for any harm or damage resulting from the use of such goods or from acting on the advice or recommendations as to such use given in good faith by any representative of Sumitomo Chemical Australia Pty Ltd as the distributor. If these conditions are unacceptable to the buyer, the goods should be returned to Sumitomo Chemical Australia Pty Ltd unopened within seven (7) days for refund of purchase price.

*ProTone SG™ is a trade mark of Valent Biosciences a division of Sumitomo Chemicals Australia Pty Ltd.

DIRECTIONS FOR USE:

GENERAL INSTRUCTIONS: POMADE™ is a non-ionic wetting agent for use with fruit thinning sprays. POMADE assists with the wetting and coverage of the thinning agent to achieve more effective and consistent performance from the thinning

spray. POMADE is safe to use as directed and is not phytotoxic to crops.

MIXING: Add POMADE to spray tank after thinning agent is thoroughly mixed.

APPLICATION RATES:

CROP	RATE/100L WATER	RECOMMENDATIONS
Apples	125 mL	When using NAA, Ethephon, or BAPSoL, POMADE™ assists with spreading and coverage.
Table grapes	20–50 mL	When applying ProTone SG*
General use	100–150 mL	–

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.
